Tips for Success

- **Do one activity per day, Monday–Friday.** Weekends are your rest days — you deserve them!
- **Set a daily reminder** on your phone at the same time each day so you don't forget.
- **For speaking activities:** record yourself on your phone's voice memo app and submit the file to Google Drive, then share the link.
- **For writing activities:** take a photo of your work or type it in a Google Doc and share the link.
- **Stuck on something?** Skip it and come back — but try not to skip more than 2 days in a row.
- **The last day (Day 30):** teach the material to a family member or friend. It's the best way to know you've really learned it! 🎉
